

# 10 Plagues of Egypt

Sunday school lesson activity at [www.GospelHall.org](http://www.GospelHall.org)

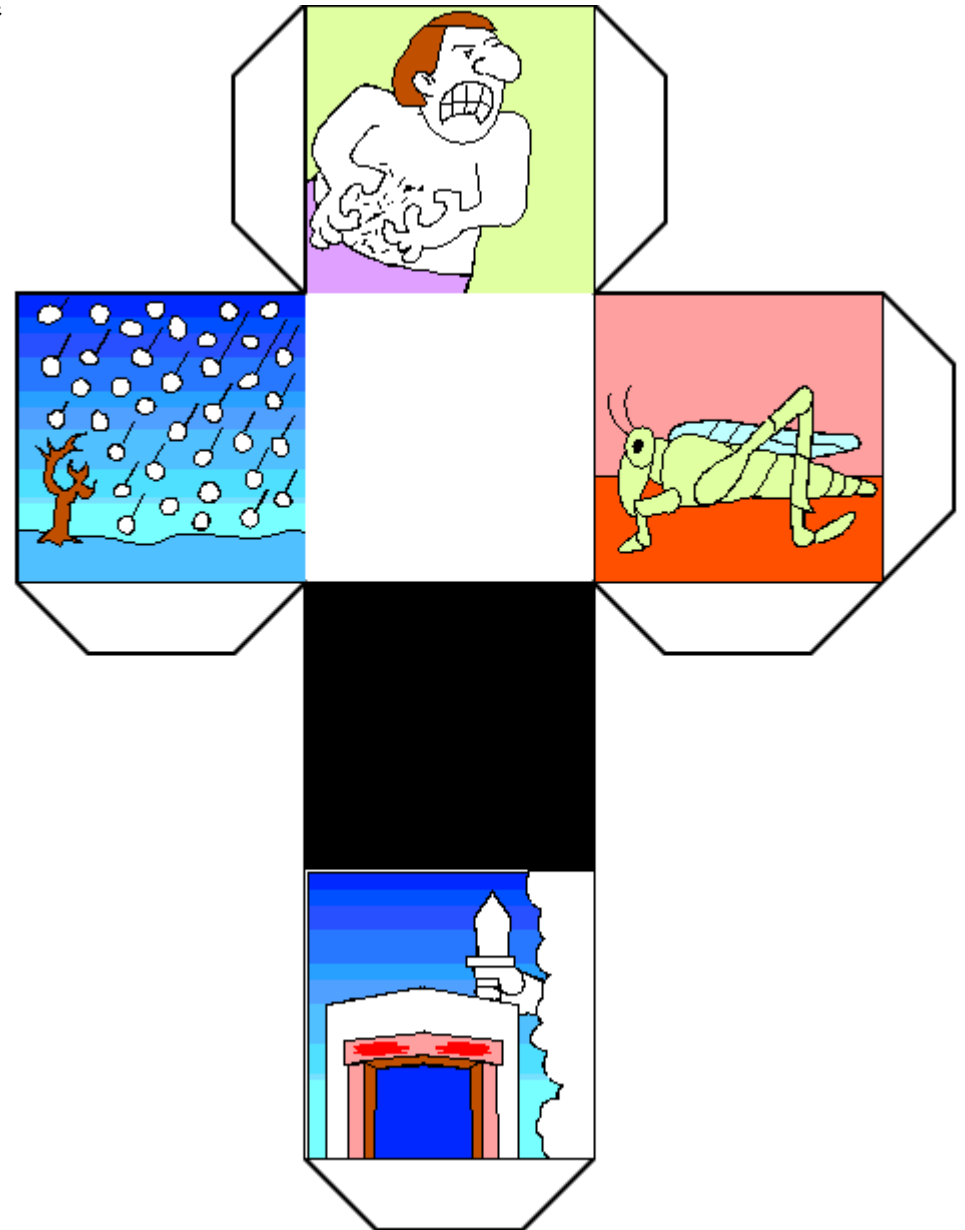

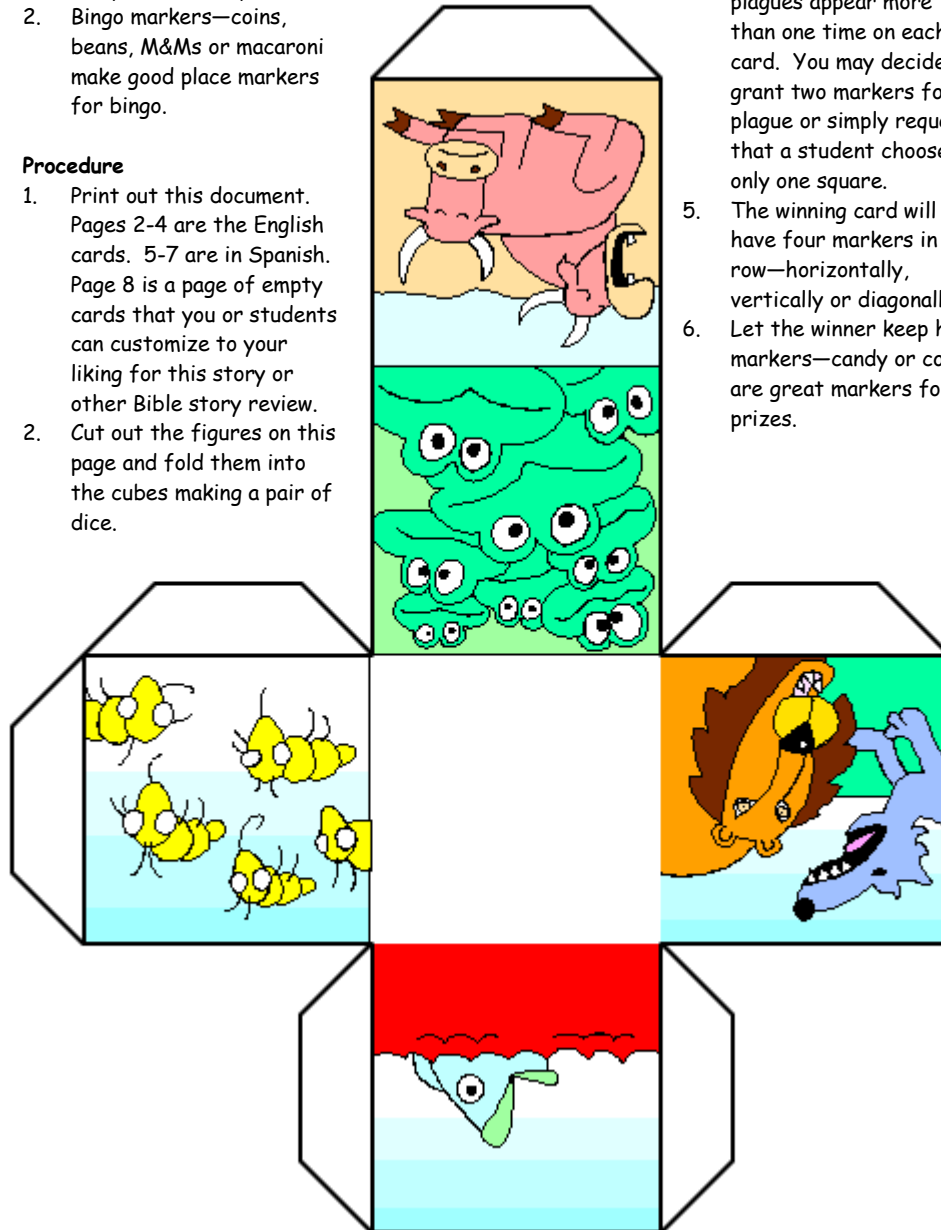

## What you need

1. Computer with a printer.
2. Bingo markers—coins, beans, M&Ms or macaroni make good place markers for bingo.

## Procedure

1. Print out this document. Pages 2-4 are the English cards. 5-7 are in Spanish. Page 8 is a page of empty cards that you or students can customize to your liking for this story or other Bible story review.
2. Cut out the figures on this page and fold them into the cubes making a pair of dice.

3. Roll one of the dice each time, calling out the plague that lands face up.
4. Students mark their cards accordingly. Some plagues appear more than one time on each card. You may decide to grant two markers for a plague or simply request that a student choose only one square.
5. The winning card will have four markers in a row—horizontally, vertically or diagonally.
6. Let the winner keep his markers—candy or coins are great markers for prizes.
